

	August 30th Day 1	August 31th Day 2	September 1st Day 3	September 2nd Day 4	September 3rd Day 5		
	The complex dynamics between positive & negative impacts of ICT	All applications are not equal: getting inspired within limits	In between academia & industry: how can we re-imagine the road ahead?	Hackathon Day: turning ideas into actions	Thinking and researching differently	<i>Legend</i>	
Morning	<p>Jean-Pierre Raskin (UCLouvain) Kick off, Take-home messages from SICT2020, Presentation of the week</p>	<p>Jay Chen (ICSI) <i>Computing, Limits, and Society</i></p> <p>Julia Steinberger (UNIL) The ultimate engineering challenge: universal well-being within planetary boundaries</p>	<p>VOCSEns Environmental monitoring</p> <p>Google Belgium Sustainability @Google</p>	<p>Jan Tobias Mühlberg (KULeuven) HACKATON kick-off</p>			Speaker talk
	<p>Steffen Lange (IÖW) Digitalization and energy consumption: does ICT reduce energy demand?</p>		<p>Tom Greenwood (Wholegrain Digital) Web Design for People and Planet</p>		<p>Kris de Decker (Low Tech Magazine) Low-tech perspectives</p>		Interaction with expert panel
	<p>Jens Malmodin (Ericsson) The Energy and Carbon Footprint of the Global ICT and E&M Sectors 2010–2015</p>	<p>Kelly Widdicks (Lancaster University) Breaking the Cornucopian Paradigm: Towards Moderate Internet Use in Everyday Life</p>	<p>Marina Proske (Fraunhofer IZM Berlin) Fairphone life-cycle assessment</p>				Work in small groups
	<p>Jacques Combaz (Verimag) Rebound effects</p>	<p>Elina Eriksson (KTH) From the past to the future – tools and design interventions for low carbon futures</p>	<p>Lê Nguyen Hoang (EPFL) Cryptocurrencies and distributed responsibility</p>				
	<p>Gauthier Roussihle (RMIT, ENSCI) Assessing claims of avoided emissions in the digital sector</p>	<p>Lê Nguyen Hoang (EPFL) Tournesol : A solution to AI ethics ?</p>	<p>Guillaume Mandil (G-SCOP) What role for (IC) technologies in a sustainability perspective?</p>				
	<p>Reyna Ubeda (ITU-T) Bringing sustainability to smart cities using standards</p>						Group presentations
Afternoon	<p>Collective generation of questions</p>	<p>Joana Moll (Critical Interface Politics Research Group) Sustainability in the web</p>	<p>Collective generation of questions</p>	<p>HACKATON Topics pitching & Feedbacks</p>	<p>HACKATON Group presentations</p>	<p>Evening activities (optional)</p>	
	<p>Interactive Debate Panel</p>	<p>Workshop My SICT "Now, New, Next" in 180 seconds</p>	<p>Interactive Debate Panel</p>			Organizer word	
	<p>Jan Tobias Mühlberg (KULeuven) WORKSHOP introduction</p>			<p>HACKATON Group work</p>	<p>Closure</p>		
Evening		<p>Public Debate by UCLouvain Alumni Org. (optional, in french)</p>		<p>Sustainable Dinner (optional)</p>
